RECEIVED JAN 29 2018

Attn. Shirley Vaux
Leasing Executive

Hello Shirley

On behalf of the Knights of Columbus Community Christmas Hamper Fund, I wish to thank Northwest Properties for arranging a Temporary Occupancy Permit with Discovery Harbour Shopping Centre Ltd. to enable us to use their empty building space. The space worked out extremely well for us to marshal and box food and gifts for delivery to the needy in the community.

I wish to thank you in particular for helping us. Perhaps you championed this a bit, or perhaps your level of authority is what was required to get this done. In any event, the community is most appreciative. Thank you again.

Your people were excellent. Dave Mills was a big help. Rob Kwaksistala, including his two disciples Peter and Paul, were there for us on the ground. It all went as well as, in fact better than, can be hoped.

For your information, we delivered 1142 hampers customized to the size of each particular family of which 631 hampers had gifts attached, suitable for the age and sex of the children getting them and/or something for the seniors as applicable.

Enough volunteers, enough space, a good shipping dock and good weather allowed us to build and ship a hamper every 30 seconds.

I am very pleased and I think you should be as well.

I wish you all the best going forward in 2018.

Yours Truly

A handwritten signature in blue ink, appearing to read 'Ken Niesen'.
